Workday Student is sold in conjunction with other core Workday solutions (HCM and Financials) and is not offered as a standalone product. These prices would be additive to the other applications that a customer is purchasing. The pricing metric is based upon the number of full-time student equivalents (FTE) of the institution. Part-time students are counted as .25% of 1 FTE. Higher education institutions, or systems, with greater than 50,000 Student FTE will need to request a specific quote from Workday. The minimum subscription term is 3 years and the minimum subscription amount is \$ 330 K annually.

Workday Student Service

The core solution includes student recruiting; student application processing and admissions; managing courses, programs, enrollment and student records; academic advising; tracking financial aid and managing student financial accounts. Dashboards and reports are included to support institutional effectiveness.
